The order setting apart such waters shall be recorded in the registry of deeds in the county or registry district, in which they are situated. In the waters so set apart, they and the United States commissioner of fish and fisheries, and persons acting under their authority may, in their respective fish culture and scientific work, take fish at any time or in any maner, and erect and maintain any fixtures necessary for such purposes. Such licensed breeders may at any time sell, transport or kill and sell, and any person, firm or corporation may purchase, have in possession or transport, any game birds, game or fur-bearing animals raised by virtue of the provisions of this section, under such regulations as said commissioners may establish.

If the requirements of the commissioners of inland fisheries and game are affirmed the appellants shall be liable for the costs arising after the appeal, otherwise they

shall be paid by the county. If a fishway thus required is not completed to the satisfaction of the commissioners of inland fisheries and game within the time specified, every owner or occupant shall forfeit not more than one hundred, nor less than twenty dollars for every day of such neglect. On the completion of a fishway to the satisfaction of the commissioners of inland fisheries and game, or at any subsequent time, they shall prescribe in writing the time during which the same shall be kept open and free from obstruction to the passage of fish each year, and a copy of such writing shall be served on the owner or occupant of the dam. If the dam is owned and occupied by more than one person, each is liable for the cost of erecting and maintaining such fishway, in proportion to his interest in the dam, and if any owner or occupant neglects or refuses to join with the others in erecting or maintaining such fishway, the other owners or occupants shall erect or repair the same, and have an action on the case against such delinquent for his share of the expenses. If the owner or occupant of such dam resides out of the state, said penalties may be recovered by a libel against the dam and land on which it stands, filed in the supreme judicial court in the county where it is located, in the name of the commissioners of inland fisheries and game or of any inland fish and game warden or deputy inland fish and game warden who shall give to such owner or occupant, and all persons interested therein, such notice as the court or any justice thereof in vacation orders, and the court may render judgment therein, against said dam and lands for said penalties and costs, and order a sale thereof to satisfy such judgment and costs of sale, subject, however, to all said requirements for the erection and maintenance or repair of said fishway. Such licenses shall be issued by the commissioners of inland fisheries and game, upon application in writing and payment of fifteen dollars to hunt deer, ducks, partridges, woodcock and other birds and wild animals during their

respective open seasons, and in the manner provided by law, in October, November and December. But to hunt ducks, and other birds and wild animals in their respective open seasons, and in the manner provided by law, in the counties of Aroostook, Washington, Hancock, Penobscot, Piscataquis, Somerset, Franklin and Oxford up to October first of each year a license fee of five dollars shall be paid annually, provided, further, that in the counties of Androscoggin, Cumberland, Knox, Kennebec, Lincoln, Sagadahoc, Waldo and York such person may procure a license for five dollars to hunt, in the respective open seasons and in the manner provided by law, ducks, partridges, woodcock and other birds and wild animals except during the month of November, during which month a fifteen dollar license shall be required in said counties. A person having paid the fee of five dollars may procure a license to hunt deer and other wild animals and wild birds, in their respective open seasons and in the manner provided by law, during the open season on deer by paying an additional fee of ten dollars. Such license shall entitle the purchaser to take to his home in addition as now provided, properly tagged with the tag detached from his license, and open to view, five partridges, ten ducks and ten woodcock that he has himself lawfully killed under such rules and regulations to be established by the commissioners as may be required to carry out the true intent of this chapter and not inconsistent herewith.

Section 60. Each license shall be provided with two coupons, each of which shall permit the transportation of the carcass of one deer or part thereof, and shall be divided into two sections each, lettered "A" and "B" and "C" and "D" respectively, and shall be called the deer coupons.

The holder of a non-resident hunter's license shall be entitled to offer for transportation and have transported, within or without this state, by any railroad company, express company, boat or other transportation company, the carcass of one deer, or part of the carcass of one deer, that he himself has lawfully killed, on each of the deer coupons attached to his said license, by presenting to the agent of any transportation company, his license, with the coupons attached to the license at the time when he shall offer the deer or part thereof for shipment. If but one deer is offered for shipment the agent shall detach section "A" from the first "deer" coupon of the license, cancel the same by writing or stamping thereon the date and place

of shipment and his name, and shall forward the same forthwith to the commissioners of inland fisheries and game at Augusta, Maine; section "B" of said coupon shall be likewise canceled and shall be attached to the carcass, or part of the carcass, of the deer offered for shipment and shall remain attached to the same while it is being transported in this state.

In case two deer are offered for shipment the agent receiving the same for shipment shall detach sections "A" and "C" from the "deer" coupons and after canceling the same shall forward them to the commissioners as aforesaid, and sections "B" and "D" shall be likewise canceled and attached to the carcasses of the deer, or parts thereof, offered for shipment, and shall remain attached to the same while they are being transported in this state.

Section 61. No person shall transport any deer, or part thereof, for any non-resident, otherwise than as provided in this section and the two preceding sections. No agent, servant or employee of any transportation company, railroad company, express company, boat or common carrier shall receive for shipment or transport, or have in his possession with intent to ship or transport any carcass of a deer, or part of the same, or any game birds, for a non-resident, except as provided in this section and the two preceding sections, or refuse or neglect to detach the sections of the coupons as therein provided, or fail to forward to the commissioners of inland fisheries and game, at Augusta, Maine, as therein provided, the sections of coupons by him detached; provided, however, that any person who has purchased a non-resident hunter's license and who has in his possession one pair of game birds which he has legally killed may transport the same to his home or to any hospital in this state without accompanying the shipment, by purchasing of the duly constituted agent therefor a tag, paying for the same fifty cents, and by presenting said tag with the pair of game birds offered for shipment to the agent of any transportation company or common carrier, together with his non-resident hunter's license. Before accepting a pair of game birds for shipment as herein provided, the agent of the transportation company or common carrier to whom the same is offered for shipment shall be satisfied that the person presenting the pair of game birds for shipment is the person to whom the non-resident hunter's license offered for inspection was issued, and shall securely affix the tag to such shipment; provided, further, that no person shall send more than one pair of game birds under a special tag, as provided herein, but once in thirty days.

Section 62. The possession of any firearm in the fields or forests or on the waters or ice of the state by any person who is not a bona fide resident of the state and actually domiciled therein, unless the person having such firearm in possession has in his possession a license, as provided by section fifty-nine of this chapter, duly issued to him and covering the period such firearm is found in his possession, shall be prima facie evidence of hunting in violation of section fifty-nine of this chapter. **Whoever violates any provision of the three preceding sections, or who shall furnish to another person, or permit another person to have or use any license or coupon issued to him, or change or alter the same in any manner, or who has or uses any license or coupon issued to another person, or whoever knowingly guides any non-resident in hunting who has not a license to hunt as herein provided, shall pay a fine of not less than twenty-five, nor more than one hundred dollars and costs, for each offense.**

Section 1. Persons not bona fide residents of the State, and not actually domiciled therein, except children under fourteen years of age, shall not fish for, take, catch or kill any kind of fish at any time in any of the inland waters of the State, or have the same or any part thereof in possession, without first having procured a license therefor as hereinafter provided. Such licenses shall be of such form and style as may be prescribed by the commissioners of inland fisheries and game, and shall be issued by town clerks and other agents appointed by said commissioners under such regulations as may be established by said commissioners, upon application in writing on blanks to be furnished by said commissioners and payment of a fee of two dollars and fifteen cents.

Section 2. All licenses issued by virtue of this act shall expire with the calendar year in which issued and shall entitle the purchaser thereof to take fish in the inland waters of this State and transport the same during the period covered by said license in accordance with the laws of the State. The purchaser of a license to fish by virtue of this act may offer for transportation and have transported in accordance with the provisions of chapter thirty-three of the Revised Statutes fish which he has legally in

possession by exhibiting his license to the agent of a transportation company, who shall endorse upon the back thereof, in ink, the name of the station from which said shipment is made, the date of shipment, the destination and weight of each kind of fish shipped, and such shipment shall have affixed thereto a tag plainly marked with the name and address of the shipper, the license number and the kind and weight of such fish. If a license is presented with a consignment of fish and the endorsement on such license shows that the holder of the license is not authorized by law to offer such fish for shipment, such agent shall refuse to accept the same for shipment.

Section 3. The commissioners of inland fisheries and game may temporarily revoke any license issued by virtue of this act when the holder thereof is charged with having violated any of the inland fish and game laws of this State, and if the holder is convicted of a violation of the inland fish and game laws of the State his license may be fully revoked and another license shall not be issued to such person until after a year from the time of revocation except upon written consent of the commissioners of inland fisheries and game.

Section 4. No person to whom a license has been issued as herein provided, shall fish for, take, catch, kill, have in possession, transport or offer for transportation any inland fish unless at the time of such fishing for, taking, catching, killing, having in possession, transporting or offering for transportation inland fish such person has such license on his person. Such person shall exhibit such license, on demand, to any officer authorized to enforce the inland fish and game laws.

Section 5. Every town clerk or agent appointed to issue licenses as provided in this act shall on the first Monday of each month forward to the commissioners of inland fisheries and game the amount received, if any, for such licenses issued during the preceding month, less a recording fee of fifteen cents for each license issued, together with the application for and stub of each license issued. Any town clerk or agent appointed to issue licenses by virtue of this act who shall neglect or refuse to issue such licenses under regulations established by the commissioners of inland fisheries and game, or who shall neglect or refuse to remit for licenses issued by virtue of this act within a period of thirty days from the first Monday of each month shall be punished by a fine of not less than twenty-five dollars nor more than fifty dollars and costs for each offense.

Section 6. All license fees collected by virtue of this act shall be paid by the commissioners of inland fisheries and game to the State treasurer and shall be set apart as a fund to be expended by said commissioners, with the approval of the governor and council, for the propagation and protection of inland fish in this State, and said commissioners are hereby authorized to receive and expend said moneys in the manner and purposes as herein specified; provided, however, that in case of a failure to convict in any prosecution for any violation of any provision of this act, the costs of said prosecution shall be paid out of the fund created by this act.

Section 7. The possession of any fishing tackle in the fields or forests or on the waters or ice of the State by any non-resident required to be licensed by virtue of this act, unless the person having such fishing tackle in possession has in his possession a fishing license, as herein provided, duly issued to him and covering the period the fishing tackle is found in his possession, shall be prima facie evidence of fishing in violation of this act.

PENALTY.

Section 8. Whoever violates any provision of sections one, two, four, or seven of this act, or who shall furnish to another person or permits another person to have or use any license issued to him, or changes or alters the same in any manner, or who has or uses any license issued to another person, or whoever knowingly guides any non-resident for inland fishing who has not a license for fishing as herein provided, shall pay a fine of not less than ten or more than thirty dollars and costs for each offense and one dollar additional for each fish taken, caught, killed, had in possession or transported in violation of any provision of this act.

NON-RESIDENTS MUST EMPLOY GUIDES IN CERTAIN CASES.

Section 63. Non-residents of the state shall not enter upon the wild lands of the state and camp or kindle fires thereon while engaged in hunting or fishing, without being in charge of a registered guide, during the months of May, June, July, August, September, October and November, and no registered guide shall, at the same time, guide or be employed by more than five non-residents in hunting.

Any such non-resident who enters upon the wild lands of the state and camps or kindles fires thereon, while engaged in hunting or fishing without being in charge of a registered guide, during the months of May, June, July, August, September, October and November, in violation of the provisions herein contained, or any guide who shall guide at the same time, or be employed by, at the same time, more than five non-residents in hunting, shall pay a fine of forty dollars and costs for each offense.

ALIEN HUNTING LICENSES.

Section 65. It shall be unlawful for any unnaturalized foreign-born person who is not a tax-payer upon real estate within this state and who has not resided within the limits of this state for two years continuously prior to the time he desires to hunt, to hunt in any manner, at any time, or pursue, catch, kill or have in possession any wild animals or birds, or part or parts thereof, within the limits of this state, unless he is annually licensed so to do as hereinafter provided. The commissioners of inland fisheries and game, upon the application of any unnaturalized foreign-born person who is a resident of any city, town or plantation within the state, and upon the payment of a fee of fifteen dollars may issue to such person a license upon a form to be supplied by them, bearing the name, age and place of residence of the licensee with a description of him as near as may be, authorizing the said licensee to hunt and kill game birds, game or other wild animals on any lands on which said hunting or killing is not forbidden by law, or by written or printed notices posted thereon by the owner, lessee or occupant thereof. Such license shall authorize the hunting or killing and having in possession of game birds, game or other wild animals only in their respective open seasons and in the manner provided by law; it shall not be transferable and shall be exhibited upon demand to any of the commissioners of inland fisheries and game, and to any inland fish and game warden or deputy inland fish and game warden, and to any sheriff, constable, police officer or other officer qualified to serve process. The fees received from said licenses shall annually be paid into the state treasury.

Section 66. No unnaturalized, foreign-born person required to be licensed under the provisions of the preceding section shall have in possession, when he is upon the wild

lands or in the woods or fields of the state, any firearm or firearms unless he is licensed as herein provided and all firearms found in his possession in violation of this section shall be forfeit and contraband and shall be seized by any person authorized to enforce the inland fish and game laws. All firearms seized by virtue of this section shall forthwith be forwarded to the commissioners at Augusta by the person seizing the same, and upon conviction of the person or persons from whom they were seized said firearms shall be sold, and the proceeds from such sale paid to the treasurer of state. **Whoever violates any provision of this or the preceding section shall pay a fine of twenty-five dollars and costs, for each offense.**

GUIDES MUST BE LICENSED.

Section 14. No person shall engage in the business of guiding, either for inland fishing or forest or shore hunting, until he has caused his name, age and residence to be recorded in a book kept for that purpose by the commissioners of inland fisheries and game and has procured a certificate from said commissioners, setting forth in substance that he is deemed suitable to act as such guide, under a penalty of fifty dollars and costs for each offense. Each registered guide shall, from time to time, as often as requested by the commissioners, forward, on blanks furnished him by the commissioners, a statement of the number of persons he has guided in inland fishing and forest and shore hunting during the time called for in said statement, the number of days he has been employed as a guide, and such other useful information relative to inland fish and game, forest fires, and the preservation of the forests in the localities where he has guided, as the commissioners may deem of importance to the state, **under a penalty of fifty dollars for unreasonably or wilfully refusing to comply with these requirements.**

Section 15. Such registration shall be as follows: The applicant shall apply in writing or personally to the commissioners for registration, or to some person designated by the commissioners, setting forth in his application whether he desires to be registered as a general or local guide; and the commissioners shall, as soon thereafter as may be, after such investigation as they deem advisable, register such person as a guide in such class as they shall deem proper; but said commissioners may refuse to

register any applicant whom they deem unfit to be a guide, and may, for cause shown, after due notice and hearing, cancel any registration by them made, and may advance anyone from the local class to the general class, whenever they shall deem such person qualified to be a general guide. A fee of one dollar shall be paid annually for the registration as herein provided.

No person shall receive a certificate as a general guide unless he be at least twenty years of age, of good repute, and friendly to the inland fish and game laws, and will discountenance in all proper ways all violations thereof. He shall be thoroughly competent to traverse the hunting grounds in which he is licensed to guide and shall be skilled in the use, management, and handling of such boats or canoes, on lake, pond or river or other waters, as are used in the territory in which he is authorized to guide, and shall be a safe person under all circumstances to be a guide for inland fishing and forest and shore hunting parties. A person may receive a certificate as a local guide who does not, in the judgment of the commissioners, possess all the necessary qualifications of a general guide, yet is deemed suitable to act as such under certain conditions; and guides may be restricted in the territory in which they are permitted to guide. The commissioners of inland fisheries and game may, in their discretion, license as guides such non-residents as reside in territory contiguous to the state under such conditions as are herein provided for the registration of resident guides; the annual fee for such non-resident guide license shall be twenty dollars.

Whenever a guide registered, as provided in this section, is charged with having violated any of the inland fish and game laws, the commissioners may, at their discretion, temporarily suspend his certificate of registration; and whenever a guide registered, as provided in this section, is convicted of a violation of the inland fish and game laws, said commissioners may, at their discretion, cancel his certificate of registration and strike his name from the list of registered guides; but such person may thereafter be registered again at the discretion of the commissioners. Any certificate cancelled or suspended by virtue of this section shall be immediately returned to the commissioners, under a penalty of fifty dollars for refusal or neglect to comply with this requirement.
